1	ICD-10 Teleconference Training – Coming Soon	<p>Beginning April 2014, the HP team will offer virtual training sessions on ICD-10 for providers and vendors. The sessions are being conducted as a means of providing support for existing testing partners as well as encouraging new providers and vendors to join the testing effort. Each session will cover the Alabama Medicaid specific changes being implemented and testing considerations in order to be ready for the October 1, 2014, implementation of ICD-10.</p> <p>A schedule of session dates will be made available on the Alabama Medicaid website in March 2014. The schedule will indicate dates and times for each session being offered. Due to limited space available for each session, registration is required. Details on how to register will be provided when the schedule of session dates is published.</p> <p>If you have a suggestion on a topic to be covered during the teleconferences or need assistance with ICD-10 testing, contact the HP ICD-10 team via e-mail at <a href="mailto:alabamaictesting@hp.com">alabamaictesting@hp.com</a></p>
